This letter provides clarification regarding an added Food Stamp income exclusion. All allowances, earnings and payments to individuals participating under Title I of the National Community Service Act of 1990 are excluded as income for food stamp purposes. Title I of this Act pertains to the National and Community Service State Grant Program. Projects under this program are subject to the same treatment as most benefits under the Job Training Partnership Act. The types of activities are broadly defined. Participants may perform any educational, human, environmental, or public safety service that will benefit the community.
