I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to inform local departments of social services (LDSSs) of their allocations and maintenance of effort (MOE) levels for the New York State Child Care Block Grant (NYSCCBG) assistance program for the period April 1, 2022, through March 31, 2023 (State Fiscal Year, SFY, 2022-23). The funding is allocated based on the past three years average annual Federal Fiscal Year (FFY) claiming information for LDSSs in New York State. This LCM also serves as notification to LDSSs that 22-OCFS-ADM-03, *Availability of Supplemental Funding for the New York State Child Care Block Grant*, has been rescinded, as such funding is now allocated in this release. SFY 2022-23 allocations include both NYSCCBG funds as well as COVID-19 pandemic funding to support the implementation of reduction of income-based family share, 12-month eligibility, expansion of initial eligibility levels to up to 300% of the state income standard (SIS), but not in excess of 85% state median income across the state beginning August 1, 2022, and payment for a minimum of 24 absences per child per provider per year. When SFY 2022-23 NYSCCBG allocations, pandemic

funds allocations, and rollover are combined, over \$2 billion is being made available for child care subsidy.

II. Background

The New York State budget for State Fiscal Year 2022-23 reappropriated funding that was originally appropriated in the SFY 2021-22 budget to support implementation of a reduction in income-based family share, 12-month eligibility, expanded eligibility for families with income up to 200% SIS, mandated reimbursement for up to 24 absences per year, and expansion of families exempt from paying family share. The SFY 2022-23 budget combined the projects to allow for districts to use their funding as needed. LDSSs were advised of the availability of such funding and the request process for such in 22-OCFS-ADM-03, *Availability of Supplemental Funding for the New York State Child Care Block Grant*. LDSSs were advised of the claiming process for such in 22-OCFS-LCM-03, *Claiming Information for Supplemental Funding for the New York State Child Care Block Grant*. Such funding is allocated in this release and such funding is no longer available for request. As such, 22-OCFS-ADM-03, *Availability of Supplemental Funding for the New York State Child Care Block Grant*, and 22-OCFS-LCM-03, *Claiming Information for Supplemental Funding for the New York State Child Care Block Grant*, are canceled.

In order for an LDSS to participate in the NYSCCBG assistance program, the commissioner of the LDSS must agree to comply with the program requirements of the NYSCCBG as set forth in Title 5-C of Article 6 of the Social Services Law; Title 18 of the New York State Code of Rules and Regulations (18 NYCRR) Parts 358, 404, 405, 407, 415, and 628; and New York State Office of Children and Family Services (OCFS) policy directives, including Administrative Directives (ADMs), Local Commissioner Memorandums (LCMs), and Informational Letters (INFs). Title 5-C of Article 6 of the Social Services Law, Section 410-x(4), requires OCFS to establish in regulation the applicable market-related payment rates that will establish the ceilings for state and federal reimbursement for payments made under the NYSCCBG. The amount to be paid or allowed for child care assistance funded under the NYSCCBG shall be the actual cost of care but no more than the applicable market rate established in regulations. LDSSs must pay the applicable market rate unless the actual cost of care is less, in which case LDSSs must pay the actual cost of care. The LDSS also must agree to comply with the requirements of the federal Child Care and Development Fund (CCDF). LDSSs provide such legal assurances as part of the submission of their Child and Family Services Plans.

III. Program Implications

A. ALLOCATION INFORMATION

NYSCCBG subsidy funds are allocated for the period beginning April 1, 2022, and ending March 31, 2023. Attachment A includes LDSS allocations of \$894.6 million in regular district subsidy funding. The allocations are listed for two six-month periods to reflect the FFY, which differs from the SFY. The lists show allocations for the period April 1, 2022, to September 30, 2022, the last half of FFY 2021-22, and for the period October 1, 2022, to March 31, 2023, the first half of the FFY 2022-23. Previously, 21-OCFS-LCM-19, dated July 6, 2021, notified LDSSs of their NYSCCBG allocations for the first half of FFY 2021-22, October 1, 2021, to March 31, 2022. Any unspent funds allocated for that period will be carried into and be available for the period ending September 30, 2022. Any portion of an LDSS's NYSCCBG allocation for FFY 2021-22 (October 1, 2021, through September 30, 2022) that is not claimed by the LDSS by March 31, 2023, will remain available to the LDSS through the end of FFY 2022-23 (September 30, 2023). This would include any Temporary Assistance for Needy Families (TANF) funds transferred from an LDSS's SFY 2022-23 Flexible Fund for Family Services (FFFS) allocation for the period April 1, 2022, to September 30, 2022. However, claims for expenditures for October 1, 2021, through September 30, 2022, cannot be rolled forward into the next FFY.

Attachment B provides the total LDSS funding available for the SFY 2022-23 NYSCCBG for the period beginning April 1, 2022, and ending March 31, 2023. More than \$2 billion is available to LDSSs for SFY 2022-23, consisting of the \$894.6 million in regular subsidy funding included in Attachment A, as well as \$548.8 million in prior period rollover funds and \$609 million in federal pandemic funding. The \$609 million in pandemic funding will support subsidy expansion in both SFY 2022-23 and SFY 2023-24.

Unspent NYSCCBG funds that remain available to LDSSs in subsequent periods are referred to as rollover. Funds are unspent when claims submitted fall short of the amount allocated to an LDSS plus their prior period rollover. The rollover from FFY 2021 into FFY 2022 is \$548.8 million. This amount is presented along with each LDSS's SFY 2022-23 allocations in Attachment B to clarify the amount available to each LDSS during this state fiscal year.

The allocation methodology for SFY 2022-23 determines each LDSS's proportionate share of the block grant funds based on the average level of annual child care claims for the past three years, FFY 2018-19 through FFY 2020-21. The methodology did not take into account rollover of unspent NYSCCBG funds because all districts experienced rollover due to the impact of COVID-19. The funding is allocated based on claiming information for LDSSs in New York State. This is the same methodology that was used for the SFY 2021-22 allocations.

Due to the unprecedented funding available for the Child Care Assistance Program, totaling over \$2 billion, LDSSs must utilize this allocation to open all available eligible cases applying for child care assistance. No newly applying families who meet eligibility requirements may be put on a waiting list due to a lack of available funding. Any district currently maintaining a waiting list is expected to clear its waiting list no later than two months after the effective date of this policy. Districts that are unable to meet this requirement must contact the OCFS Division of Child Care Services to discuss an alternative approach. LDSSs are expected to proactively manage their Child Care Assistance Programs to spend their allocations in a timely manner. Some strategies to consider include amendments to the Children and Family Services Plan that will increase child care assistance payments and decrease family copayments; marketing and community outreach to publicize the availability of child care assistance; procedural changes to facilitate application for funding, processing of cases, and payment processing. Pandemic funds included in this \$2 billion include the funds appropriated in the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) and American Rescue Plan Act (ARPA). CRRSA funds must be liquidated by September 30, 2023, ARPA discretionary funds must be liquidated by September 30, 2024, and ARPA matching funds are included in the base NYSCCBG matching grants and are subject to the same liquidation requirements as determined by the grant year.

While the NYSCCBG allocation is the primary resource available to LDSSs in meeting their child care assistance needs for low-income families and individuals on or eligible for public assistance, all LDSSs have the ability to utilize additional funds from the FFFS for child care assistance costs. Additional information on utilizing FFFS funds may be found in the SFY 2022-23 FFFS ADM, which will be released at a later date.

As was the case in SFY 2021-22, LDSSs that have fully expended their allocation and have met their MOE may seek 50% federal reimbursement through the Supplemental Nutrition Assistance Program Employment & Training (SNAP E&T) program. All SNAP E&T claims for FFY 2021-22 must be submitted to the New York State Office of Temporary and Disability Assistance (OTDA) by March 31, 2023. Further information about eligibility and claiming for FFY 2021-22 will be issued in a separate LCM from OTDA.

An LDSS may spend no more than 5% of its NYSCCBG allocation, including any funds transferred from FFFS, for administrative activities. Administrative activities do not include the costs of providing direct services such as eligibility determinations and redeterminations; preparation and participation in judicial hearings; child care placements; the recruitment, licensing, inspection, review and supervision of child care placements; rate setting for contract development; resource and referral services; training; or the establishment and maintenance of computerized child care information systems. Should a county

exceed the 5% administration cap, OCFS will conduct a review to determine if there is room within the overall state cap. Should there be sufficient availability, the county administration cap may be increased.

An LDSS, at its option, may make payments for eligible families to be transported to and from a child care provider. An LDSS will be reimbursed for transportation expenses charged by a child care provider that is separate and apart from the regular rate charged by the provider. The LDSS may make arrangements using other providers of transportation services. Expenditures for transportation are reimbursed as a program cost under the LDSS's NYSCCBG allocation if the provision of transportation services is included in the LDSS's Child and Family Services Plan.

B. ELIGIBLE FAMILIES

There are three broad categories of families eligible for child care services under the NYSCCBG when such care is not otherwise available from the caretaker(s) of the child in need of services. Eligible families are defined in 18 NYCRR Section 415.2. LDSSs are required to include this information in their Child and Family Services Plans, including the categories of families that the LDSS has chosen to serve and prioritize under the second and third categories listed below.

- The first category is families who are eligible for a child care guarantee.
- The second category is families who are eligible if funds are available.
- The third category is families who are eligible if funds are available and if the LDSS includes them as eligible families in the child care section of the Child and Family Services Plan.

C. PARENTAL CHOICE

The parent(s) of each eligible child who receive(s) or is offered financial assistance for child care services has the option of either receiving a voucher or, if available, enrolling their child with a provider that has a grant or contract for providing child care services. The availability of contracted care slots funded under the NYSCCBG cannot be used to supplant the option for a voucher. As a result, LDSSs must inform parents or caretakers requesting NYSCCBG services that they may either

- request a child care certificate, which enables the parents or caretakers to select from a full range of child care arrangements, including care by licensed or registered child care providers and providers of legally exempt child care, or
- where available, choose to have care provided by one of the child day care providers with whom the LDSS has contracted for the provision of child care services.

The child's parents or caretakers must be given discretion in selecting or arranging for the purchase of child care services from any eligible provider. The case record should document that parents or caretakers have been apprised of the full range of providers eligible for payment and of their right to elect to use a child care certificate. LDSSs must allow parents to select and must have a method to pay, any and all legally operating eligible providers with whom they do not contract. A contract may not be made as a condition of receiving payment from NYSCCBG funds.

D. REIMBURSEMENT

Claims for expenditures for child care services for families receiving public assistance will be reimbursed at 75% with NYSCCBG funds, up to the LDSS's NYSCCBG allocation ceiling. Claims for expenditures for child care for all other eligible families will be reimbursed at 100% with NYSCCBG funds as long as the LDSS's MOE is met, up to the LDSS's NYSCCBG allocation ceiling.

E. MAINTENANCE OF EFFORT

Each LDSS must maintain local spending for child care services at a level established by OCFS in accordance with state statute. The MOE for each LDSS is listed in Attachment C and is unchanged from the previous year.

The MOE was calculated by totaling the LDSS share of expenditures in FFY 1994-95 for child care services claimed under the following categories: State Low-Income Day Care program and administrative costs, Transitional Child Care, At-Risk Low-Income Child Care, Child Care and Development Block Grant, Emergency Assistance to Families, Job Opportunities and Basic Skills (JOBS)-related child care, and employment-related child care. The MOE for those LDSSs participating in the Child Assistance Program (CAP) was adjusted to reflect the LDSS share for FFY 1996-97 CAP child care expenditures included in their NYSCCBG allocations.

Each LDSS must meet its MOE level in cash in FFY 2021-22 and in each subsequent FFY. The MOE is met by the 25% local share of claims for expenditures for public assistance recipients, as reported on Schedule H, *Non-Title XX Services for Recipients*, and any other non-Title XX expenditures that are allowable but not reimbursed under the NYSCCBG allocation. Claims submitted under NYSCCBG will be processed to ensure that the LDSS's MOE requirement is met. Claims for administrative costs exceeding the 5% administrative cap will not count toward meeting the MOE and will not be eligible for federal and state reimbursement (see Section A for exceptions).

F. SYSTEMS INFORMATION

Procedures for the authorization of payment for child care services in the Welfare Management System (WMS) are as follows:

For child care payments for eligible families applying for or receiving public assistance, the LDSS can continue to use the DSS-3209, *IM/WMS Authorization*, for child care payments for eligible families applying for or receiving public assistance. The LDSS may, at its option, use the DSS-2970, *WMS Services Authorization*, to authorize payment for child care for public assistance families. Purchase of Service Type Suffix Code (Data Element #23021) value "S-Block Grant DC 75%" designates child care services funded under the NYSCCBG for public assistance applicants/recipients and reimbursed at 75% federal and state share, up to the LDSS's allocation ceiling.

The LDSS has the option to authorize payments for child care for NYSCCBG eligible families not in receipt of public assistance on the DSS-3209 for Supplemental Nutrition Assistance Program- and Medical Assistance-only cases.

For all other eligible families, the LDSS must authorize payment in WMS Services by using Purchase of Service Type Suffix Code value "R-Block Grant DC 100%" on the DSS-2970, *WMS Services Authorization*, which designates child care services funded under NYSCCBG for non-public assistance families and reimbursed at 100% federal and state share, up to the LDSS's allocation ceiling.

In circumstances of an adult-only public assistance case in which the children are not included in the public assistance filing unit, child care payment is authorized as a public assistance family and reimbursed at 75% federal and state share. For cases in which children are in receipt of public assistance but the caretaker is not included in the public assistance filing unit, child care is authorized in WMS Services and reimbursed at 100% federal and state share, up to the LDSS's allocation ceiling.

WMS Services continue to support the monitoring of the issuance and return of child care certificates. Instructions for the child care certificate are included in [92 LCM-138, Child Care Certificate Program](#), and in the *BICS Operations Manual*, page A-62, BICS Production Request 32, Request for Self-Selected Day Care Certs, in the edition dated April 1, 2005. Information is also provided in the *Benefit Issuance Control Subsystem (BICS) Services Payments Processing (BSPP) Manual*, Chapter 2, Authorizations, and Self-Selected Day-Care Certificates.

G. CLAIMING INSTRUCTIONS

NYSCCBG expenditures for child care subsidies for families receiving public assistance are claimed on Schedule H, *Non-Title XX Services for Recipients* (LDSS-4283), line 2 (Day Care Services for Children), column 16 (Day Care Block Grant 75%). NYSCCBG program expenditures for child care subsidies for all other eligible families are claimed on Schedule H, line 2, column 15 (Day Care Block Grant 100%). Please refer to the *Fiscal Reference Manual*, Volume 2, Chapter 3, for detailed instructions for completing Schedule H.

NYSCCBG child counts and expenditures must be reported on the Schedule G-2, *Summary of All Payments for Day Care* (LDSS-2109EL). Expenditures made under the services types allowed must be reported on the Schedule G-2, via the Automated Claiming System. The BICS Schedule G-2 report provides the information needed to file the report. Please refer to the *Fiscal Reference Manual*, Volume 2, Chapter 3, for Schedule G-2 instructions.

Administrative expenditures for the NYSCCBG that are not direct charged on the Schedule D-2 are claimed in accordance with the Services Random Moment Survey (RMS) as Child Care Block Grant costs on line 6, section 1A (associated central services costs are claimed on line 4, section 2) of the Schedule D-2, *Allocation for Claiming General Services Administration Expenditures* (LDSS-2347B). Instructions for completing the Schedule D-2 are contained in Chapter 9 of the *Fiscal Reference Manual*, Volume 3 (Cost Allocation Plan).

Claiming instructions for LDSS administrative expenditures related to the training of employees that are claimed on the Schedule D-6, *Reimbursement Claim for Training* (LDSS-2347-C), for the NYSCCBG program are provided in Chapter 13 of Volume 3 of the *Fiscal Reference Manual*.

The *Fiscal Reference Manual* (FRM) is available here:

FRM Vol. 2 and 3 – <http://otda.state.nyenet/bfdm/finance/>.

H. SUBAWARD INFORMATION

Title 45 U.S. Code of Federal Regulations Part 75 (45 CFR 75), *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards*, section 352(a) states “all pass-through entities must ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the following information at the time of the subaward and if any of these data elements change, includes the changes in subsequent subaward identification.” Attachment D provides the required subaward information for subrecipients.
