## APPENDIX G-3

### III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

#### Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **Applicants/recipients are expected to travel up to 45 miles one way to an employment related activity or employment. Included in this 45 mile calculation shall be any mileage necessary for the custodial caretaker relative with children to transport the child(ren) to a childcare provider of the caretaker relative's choice.**

Describe any steps/consultations made to arrive at your definition: **Otsego County is centrally located between three major cities. To access a larger provider pool the client may need to travel out of their local communities to attend work activities.**

#### Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **100** % of the State Income Standard.

#### Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district: **10** %.

**Note: Make sure the % selected here matches the % selected in Appendix F.**

#### Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families

with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

### **Case Openings**

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

#### **Based on the following priorities:**

- 1. Families who are “eligible when funds are available” whose gross income is at or below the 100% of the State Income Standard (SIS) and who need child care due to the employment of the child’s caregiver.**
- 2. Families with children that have special needs.**
- 3. Families who are “eligible when funds are available” whose gross income is greater than the 100% of the SIS and who need child care due to the employment of the child’s caregiver.**
- 4. Families identified as optional families on Appendix G-2 who need care due to the employment of the child’s caregiver.**

### **Fraud and Abuse Control Activities**

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district’s front end detection system.

- A. Questionable household composition when case information is inconsistent with agency information.**
- B. Spouse income/schedule unknown-applicant doesn’t have or is unwilling to give information on spouse’s income/schedule or information is questionable.**
- C. Application inconsistent with prior case, without adequate explanation.**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient’s continued need for child care including, as applicable, verification of participation in employment, education or other

required activities.

**Otsego County recertifies 100% of their subsidy cases twice a year at which time we require the applicant/recipient to provide documentation which verifies their continued need for child care services.**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

**Otsego County has 32 CACFP participating providers of which 20 provide care for subsidy cases. Otsego County will review 100% of the 20, when documentation is received by the CCRR agency**

5. Described below is the justification for each additional standard.

**APPENDIX G-11  
TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED  
MARKET RATES FOR LEGALLY EXEMPT, SLEEP**

**Transportation**

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

**Differential Payment Rates**

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to \_\_\_\_\_ % above market rate.

Care during non-traditional hours may be paid up to \_\_\_\_\_ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

**Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers**

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally- exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to \_\_\_\_\_ percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

### **Sleep**

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

**Childcare may be paid for a single parent household when that parent works the second or third shift. Childcare may be paid for a 2-parent household when one parent works a second or third shift and the other parent is unavailable to care for the child(ren). The second parent shall be considered unavailable due to his/her employment, participation in the approved education or training program or an approved work activity. The second parent may be unavailable due to documented physical/medical impairment but this provision is limited to a period up to 12 weeks duration.**

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight).

**8 hours per day**

**APPENDIX G-12  
CHILD CARE EXCEEDING 24 HOURS, CHILD CARE SERVICES UNIT,  
WAIVERS, BREAKS IN ACTIVITIES**

**Child Care Exceeding 24 Hours**

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

**Child Care Services Unit**

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old       19 year old       20 year old

**-OR-**

Our district will include only the following in the Child Care Services Unit when it will benefit the family (check which ones apply).

18 year old       19 year old       20 year old

Describe the criteria your district will use to determine whether or not an 18, 19 or 20 year old is included in the Child Care Services Unit. **18, 19 and 20 year old family household members will be included in the household count when they are full time students only. Full time students are: high school or equivalent, vocational and college level. Verification and school attendance will be required at every recertification to continue to be in the household count. These household members are not legally responsible for providing care.**

**Waivers**

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

**Breaks in Activities**

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

- two weeks       four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):
