APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: The maximum amount of time is two hours each way and mode of transportation and distance must be considered when allowing the maximum.

Describe any steps/consultations made to arrive at your definition: Consultations with CDTA as well as several clients to determine the amount of time it takes to get from the two farthest points of the county using public transportation.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as **125%** of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county **35%**.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).
 - The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
 - The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe in the space below how the district will select cases to be closed in the event that there are insufficient or no funds available.

a. The district will select cases to be closed based ONLY on income.

No.

Yes. Check 1 or 2 below.

1) The district will close cases from the highest income to lowest income.

2) The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:

b. The district will select cases to be closed based ONLY on categories of families.

No.

Yes. List the categories in the order that they will be closed, including the optional categories selected in Appendix L:

c. The district will select cases to be closed based on a combination of income and family category.

No.

Yes. List the categories and income groupings in the order that they will be closed:

d. The district will select cases to be closed on a basis other than the options listed above.

No.

Yes. Describe how the district will select cases to be closed in the event that there are insufficient funds to maintain the district's current case load:

e. The last cases to be closed will be those that fall under federal priorities. Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.
- a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.
- Very low income Rank 1 Rank 2
- Families that have a child with special needs Rank 1 Rank 2
- b. The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.
- Shortest time receiving child care services
- Longest time receiving child care services
4. The district will establish a waiting list for families whose cases were closed because our county did not have sufficient funds to maintain our current caseload.
- No.
- Yes. Describe how these cases will be selected to be reopened if funds become available:
- As funds become available new applications will be sent out to families on the wait list that has been established.

Case Openings

Describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that insufficient funds are available.

1. The first cases to be opened will be those that fall under the federal priorities.
- Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be opened first.
- Very low income Rank 1 Rank 2
- Families that have a child with special needs Rank 1 Rank 2
2. The district will select cases to be opened based ONLY on income.
- No.

3. The district will select cases to be opened based ONLY on category.
- No.
- Yes. List the categories in the order that they will be opened, including the optional categories selected in Appendix L:
4. The district will select cases to be opened based on a combination of income and category of family.
- No.
- Yes. List the categories and income groupings in the order that they will be opened:
5. The district selects cases to be opened on a basis other than the options listed above.
- No.
- Yes. Describe how the district will select cases to be opened in the event that there are not sufficient funds to open all eligible families:
6. The district will establish a waiting list when there are not sufficient funds to open all eligible cases.
- No.
- Yes. Describe how these cases will be selected to be opened when funds become available:

When funds become available the staff will contact clients and survey them to see if they are interested in having a new application mailed to them. An application will be mailed upon request of the client.

The district's recertification period is every six months twelve months

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

We currently have two types of referrals used to refer cases to our Special Investigative Unit. They are as follows:

- 1.) Absent Parent Referral: If a parent abruptly leaves the home with no forwarding address a parent referral is made to the Special Investigations Unit in an effort to determine if the absent parent is in the child's home.
- 2.) FEDS Investigative Referral: A front end detection referral is made for non-services cases when the FA case is opened. For services of this nature a referral is made based on risk factors.

These factors include but are not limited by: moved to Rensselaer County within the last three months, prior history of fraud, application inconsistent with prior case, apparent forgery, P.O. Box without adequate explanation, or inconsistent billing information.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The information received as a result of a fraud referral is one method the Department uses to determine if further verification is needed to determine eligibility. There are also risk factors associated with cases that would prompt further investigation. Examples are: parents who switches jobs often or who continuously hands in letters from their employers versus copies of pay stubs. Other risk factors are: prior history of fraud, over-payments, inconsistent household composition, returned mail, inconsistent absent parent information, unable to contact at work, questionable documents, in general any inconsistencies would warrant additional verification. Based on the above risk factors the employers would be contacted, a fraud referral would be made, contact to collateral agencies, or a face to face meeting would be arranged. This method of recognizing "red flags" and initiating further investigation, results in quality control beyond the normal eligibility determination.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Child care subsidy attendance forms will be compared with adult and child care food program (CACFP) inspection forms for all providers that participate in CACFP to verify that child care was actually provided on the days listed on the attendance forms. The Capital District Child Care Coordinating Council will secure the inspection form records from providers that participate in CACFP and meet with the supervisor of the day care unit to compare them with the subsidy attendance records. This will be done quarterly with all providers that participate in CACFP and care for subsidized children.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3). Does the district choose to make inspections of such child care providers/programs?

No.

A. The following *types* of subsidized child care providers/programs are subject to this requirement:

Legally-Exempt Child Care

In-Home;

Family Child Care;

Group programs not operating under the auspices of another government agency

Reserve the right to make inspections *PRIOR to subsidized children receiving care* in a **home** where the inspection is for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district.

C. The district will report violations of regulations as follows:

- Violations by a licensed or registered child care provider will be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- Violations by an enrolled or enrolling legally-exempt child care provider will be reported to the applicable Enrollment Agency.

APPENDIX Q
ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS (OPTIONAL)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for **each** additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
- Local criminal background check
- Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
- Site visits by the local district
- Other (please describe):

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
 - Provider's household member age 18 or older

- Legally-exempt in-home child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers not operating under the auspices of another government agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers operating under the auspices of another government or tribal agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff

Provide the name of the unit and contact person:

Contracted agency

Provide the name of the agency and contact person:

Capital District Child Care Coordinating Council

Patti Mueller

4. Are there any costs associated with the additional standard?

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

5. Describe the steps for evaluating whether the additional local standard has been met.

The district will include a release form in the enrollment packets it distributes to parents which will allow the Rensselaer County Department of Social Services to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR (f)(7)(ii). The individuals specified in question #2 above will be asked to sign the release.. The records check will be required only for the types of child care specified in question #2 and will be required only to persons in the roles specified in question # 2.

The signed release(s) specified in question #2 is/are *required*, for all persons in the roles, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the release, which would allow Rensselaer County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered *incomplete* and the enrollment process cannot move forward and will be *withdrawn* by the enrollment agency in accordance with State policy.

The local district will conduct the check of the local database to determine whether an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed child care provider will be required to submit to Rensselaer County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained during the local records check related to the child care attestations, the Rensselaer County Department of Social Services will notify the provider that he or she has ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Rensselaer County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the Rensselaer County Department of Social Services will notify the Enrollment Agency that the additional standard *has not been met*.

If the information regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard *has been met*.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

Within 25 days of the date of the referral, the local district will notify the Enrollment Agency in writing of the local district determination as follows:

The additional standard is met when:

- The local records check is conducted as specified in question # 5 and no record is found
- The local records check is conducted, a record is found and the district determines that the provider has given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.

The additional standard is not met when:

- The local records check is conducted as specified in question # 5, a record is found and the district determines that the provider has NOT given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.

The district will maintain a file, which documents how the determination was made as to whether or not the additional local standard has been met.

8. Describe the justification for the additional standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known child protective histories for themselves and any other persons specified in # 2. The additional standard supports 18 NYCRR (f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver's history has been shared with the child(ren)'s parent/caretaker.

Base period	12	8	20

List reasons for absences for which the district will allow payment:

The district will allow 12 absences per 3 month period. Absences for children are based on extenuating circumstances or illness. If a parent chooses to use the absences in one month he or she will be responsible for any additional absences. The district will not pay for a child to be absent from one program and reimburse another nor will we pay for absences that are not temporary. For example: the child does not return to the program. Parents are required to notify the district and the provider of planned breaks in service so that payment is suspended but the child's slot is held.

List any limitations on the above providers' eligibility for payment for absences:

The district will not consider a child absent if the program was not open and providing care. Program closures at the discretion of the provider will not be reimbursed. Also, Providers need to sign an MOU to be paid for absences. Absences must be temporary, i.e., the child must be returning to the program.

Note: Legally-exempt family child care and in-home child care providers are **not** eligible to receive payment for absences.

Yes. Our market rate will not exceed 75% of the child care market rate established for registered family day care.

Sleep

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps, as well as any limitations pertaining to payment:

If requested, Rensselaer County will pay for a single caretaker home of children under school age for a maximum of 30 hours per week. If the daycare provider/legally exempt comes to the home and watches the children at night and during the day while the caretaker sleeps the district will pay a full time weekly rate for the night care. The care provided during the day, if provided for at least 6 hours, will be reimbursed at the full time weekly rate divided by five to determine a daily rate. If the care provided during the day is less than 6 hours per day, the part time rate will apply. If less than 3 hours, the part time rate will apply.
