KATHY HOCHUL
Governor

SHEILA J. POOLE
Commissioner

October 1, 2021

Dear Chief Executive Officer,

Thank you for Oswego County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved**.

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

Nina Aledort, Ph.D., LMSW

PLAN SUBMISSION INSTRUCTIONS

STSJP plans are due to the Office of Children and Family Services (OCFS) by 09/08/2021

1. Once you have opened this form on your computer, please use the "Save As" function to save a copy with the following file name: "STSJP 2021-2022 Annual Plan – [ex. Municipality Name]."
2. Work from the copy saved in Step 1 as you record your municipality information. Save your work as you complete each section.
3. Email the completed application to OCFS at stsjp@ocfs.ny.gov. Use the subject line "STSJP 2021-2022 Annual Plan – [Municipality Name]" to facilitate timely review of your plan.

Please direct any STSJP plan questions to the STSJP mailbox at: STSJP@ocfs.ny.gov, or you may contact Geneva Hilliard 518-486-1819 or Lynn Tubbs 518-473-9116.

NOTE: Cooperative Applications Submitted Jointly by Two or More Counties

Two or more eligible local jurisdictions (counties) may join together to establish, operate and maintain STSJP programs, and may enter into agreements in connection therewith. Counties submitting such applications must provide additional information under **Part I - Municipality Level Details, Section C. Cooperative Application.**

PART I – MUNICIPALITY LEVEL DETAILS

A. MUNICIPALITY LEVEL ANALYSIS

1. (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and (b) Discuss what factors may be contributing to these high numbers:

Oswego County is primarily rural with two cities and nine school districts. The cities, Fulton and Oswego, have the highest number of JD, PINS, YO and AO cases. This is most likely due to the higher density of youth in these areas and that youth are able to congregate more which leads to adverse behavior. Additionally, there is a lack of pro-social activities in these communities which contributes to this problem.
2. Resources available at the following link can help you answer these questions:
<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>
 (a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	514	2	1	17	1	14
White	22,475	92	5	83	6	86
Native American/Alaskan	125	1	0	0		
Asian/Pacific Islander	226	1	0	0		
Hispanic	1,138	5	0	0	0	0

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	12,614	52	3	50	4	57
Female	11,864	48	3	50	3	43

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

There is a slight disparity between the percentage of the overall population that is Black/African American and the percentage of detention admissions for this group. However, the percentages are skewed due to the low number of admissions. As such, there does not appear to be any significant disparity between the overall population by race or gender and the percentages of detention or placement admissions.

B. LOCAL COLLABORATION

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJP plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

This plan was developed by Probation in conjunction with the Department of Social Services (DSS), Cayuga Centers and the Oswego County Youth Bureau. As DSS manages funding for detention, they assisted in determining the appropriate amount to recommend to be shifted from the detention allocation. Probation worked with Cayuga Centers to design a respite program to meet the needs of justice-involved youth. The Youth Bureau collaborated with Probation to create a school-based program to help prevent youth identified as high risk from becoming involved with the juvenile justice system.

2. How is your municipality gathering participant youth and family feedback as part of your STSJP plan development?

Because two of the programs (Ready Respite and PROS) did not serve any youth due to COVID, there was no youth or family feedback regarding those programs. At this point, the only feedback received from the youth and their family regarding Probation Supervision and Electronic Monitoring has been informal between them and the Probation Officer. However, it should be noted that as a YASI Assessment is completed at the beginning and end of the supervision period, there is information indicating whether the youth benefited from their involvement with Probation.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. Cayuga Centers and the Youth Bureau will be requested to develop a means of soliciting feedback from the youth and family involved with their programs. Probation will also develop a process for soliciting feedback from youth being supervised and/or placed on Electronic Monitoring.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes No
 If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.
 Cayuga Centers and the Youth Bureau will be requested to develop a means of soliciting feedback from the youth and family involved with their programs. Probation will also develop a process for soliciting feedback from youth being supervised and/or placed on Electronic Monitoring.

C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?
 Yes (If Yes, please provide their contact details below.)
 No (If No, skip to Q4.)

Officer's Name:		Title:
Phone: ()	Ext:	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

B. PROGRAM 1 DESCRIPTION AND TARGET POPULATION

1. A Family Support Service program (FSS) may ONLY serve youth at risk of becoming, alleged to be, or adjudicated as PINS. This program meets the legal definition of a **Family Support Services (FSS) program (Social Services Law Section 458-m)** and will operate in this capacity for PY 2021-2022. Yes No

2. Please check all applicable boxes below to identify the service types that will be utilized for this program in PY 2021-2022:

STSJP	STSJP-RTA	
<input type="checkbox"/>	<input type="checkbox"/>	Prevention (P)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Early Intervention (EI)
<input type="checkbox"/>	<input type="checkbox"/>	Alternative to Detention / Pre-Dispositional Placement (ATD / ATPDP)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Alternative to Placement (ATP)
<input type="checkbox"/>	<input type="checkbox"/>	Reentry / Aftercare (R / A)
<input type="checkbox"/>	<input type="checkbox"/>	Indirect Services

*Note: If you indicated this program will operate as an FSS, it cannot provide STSJP-RTA services under this program.

3. Please list the ZIP codes this program will target:

13126, 13036, 13114, 13145, 13302, 13069, 13074, 13135, 13142, 13168, 13044

4. Describe the program, including how it is family focused. If you answered "Yes" to Q1 (FSS), be sure to demonstrate how your program meets each requirement of the legislation. Also, please explain how each of the service types selected in Q2 will address the unique needs of youth at that system point, and how those services will aid in the reduction of youth detained and residentially or otherwise placed. If you selected Indirect Services, please list them. (Please refer to the STSJP Annual Plan Development Guide for additional guidance.)

Probation works with JD youth and their family/guardians via Intake as an Early Intervention service to address their problematic behavior and underlying reason(s) they were charged, thus reducing the likelihood of further involvement with the criminal justice system. Probation also works with JD and PINS youth placed under supervision to address their negative/illegal behavior to avoid placement so they can remain in their community. Both Intake and supervision involve direct intervention by probation officers and referral/collaboration with support services such as Preventive Services, Functional Family Therapy and Multisystemic Therapy. Electronic Monitoring is also sometimes used for JD youth as a supervision tool and to monitor their behavior more closely.

5. Is the program capable of being replicated across multiple locations? Yes No

C. PROGRAM 1 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)

1. What, if any, funding did this program receive in PY 2020-2021? If the program was approved in PY 2020-2021, but was not implemented or is anticipated to serve no youth, please choose None.
 None (If none, skip to section D.) STSJP STSJP-RTA

2. Please use the table to record **how many youth (#) were served** by the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type								Total
	P	EI	ATD/ATPDP				ATP	R/A	
			(PINS)	(JO/JD)	(JD-RTA)	(AO)			
STSJP	0	0	0	0	0	0	15	0	15
STSJP-RTA	0	0			0	0	0	0	0
Total	0	0	0	0	0	0	15	0	15

3. Based on the program's record of youth served, do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:
 It is anticipated that the program will serve less as it appears that the number of youth entering the Family Court system (JD arrests and PINS Intakes) significantly decreased during the pandemic and has not returned to pre-pandemic levels.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type							
	P	EI	ATD/ATPDP				ATP	R/A
			(PINS)	(JO/JD)	(JD-RTA)	(AO)		
STSJP	0.00	0.00	0.00	0.00	0.00	0.00	443.00	0.00
STSJP-RTA	0.00	0.00			0.00	0.00	0.00	0.00

5. How does the average length of service compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.
 Because Family Court extended the initial one year probation sentence for several of the youth, it resulted in a much higher length of service compared to the average length of time the small number of youth spent in placement.

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?
 Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?
 Although the number of youth being served was lower than projected, it is believed that the youth that were served benefitted by addressing their needs and reducing their risk of recidivism.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.
 The projected number of youth to be served will not meet the goals set for the current program year. This is due to the lower than expected number of supervision and electronic monitoring cases received due to the COVID pandemic.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?
 The probation department has no control over what offenses result in youth being charged, which can subsequently result in placement on Electronic Monitoring or being placed on probation supervision. However, collaboration has and will be increased with LDSS regarding the availability of PINS Intake services which can also lead to probation supervision.

This respite program will give youth ages 9-17, who are involved with probation (intake, supervision, etc.) the opportunity for a planned respite for up to 5 days at a time in a family foster home with support. This would benefit the youth and/or family by giving a break from their current living situation. This break will allow the youth time to become refocused and de-escalate any potential volatile situations which could help avoid further involvement in the juvenile justice system. During this time, the youth and their family would have an opportunity to "recharge" while maintaining safely in the community respite home. While involved in the program, the youth and family would have access to services provided by Cayuga Centers, including MST. The program would provide up to 10 nights of respite per month.

5. Is the program capable of being replicated across multiple locations? Yes No

C. PROGRAM 2 PERFORMANCE HISTORY (REFER TO YOUR MUNICIPALITY'S STSJP DATA FILES.)

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

It is anticipated that the program will serve much less than the projected capacity. Due to the pandemic, the number of JD Intake and JD/PINS supervision cases have significantly decreased. As such, there have not been any cases where respite has been appropriate or necessary.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

5. How does the average length of service (Q4) compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

N/A

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

The COVID pandemic caused a significant reduction in the number of youth becoming involved with the probation department (Intake and Supervision) thus largely impacting the ability to provide this service.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

N/A-no youth were served due to the large impact of the COVID pandemic.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

No significant changes have been made as it is hoped that the pandemic will improve so cases will return to pre-pandemic levels and use of this resource will increase.

The Oswego City-County Youth Bureau has been working since before the onset of the pandemic to develop a new program to implement within the school system at the Oswego Middle School, to start. PROS has the ability to be a very effective way to deliver long-term, impactful and measurable outcomes to youth in our county. This program will allow for more long-term and measurable outcomes by way of different school tracking tools, as well as other youth development tools and frameworks. This new pilot program will address students from a more global and proactive standpoint. PROS will work with students in group and individual approaches, on areas of behavioral concern while in the school setting, as well as in proactive areas, assessing and skill building with them by way of developmental assets, internal and external strengths, supports and relationships, making positive choices and avoidance of risky behaviors. PROS will also focus on growth mindset, mindfulness, social emotional learning and other areas and skillsets that are majorly impactful for students in a lifelong capacity. The program is being designed around the concepts of prevention, intervention, supported reentry, as well as the school district’s cornerstones of respect, responsibility and relationships. School staff and administration will be selecting the high risk students in their building to participate in the PROS based on current and/or on-going disciplinary issues. The school will also select their at-risk students who they identify as benefitting from a focused and proactive program that offers them structure and the opportunity to develop positive skills and relationships with the goal of keeping them all from a higher level program or juvenile justice system involvement. Program materials are researched-based, most specifically in the areas of child and youth development as well as resilience and prevention research. By working in partnership with the school system, PROS will have a greater ability to ensure commitment and compliance with the program by youth, incorporate more meaningful parent involvement, create more opportunities for community education and involvement, and the ability to work within a system that can further track and demonstrate program impact and success. The Principal is committed and enthusiastic about the development of this partnership/program and subsequent success for its students. After some time when the program has reached a well-developed stride, it is the Youth Bureau’s best hope to work to expand this program to middle school-aged students county-wide. STSJP funds would assist in covering the costs of the stipends needed for a school staff liaison to ensure the school's involvement with the program and its students to ensure continuity outside of specified program hours, some of the program coordinator's time, the cost of transportation to involve the students in different activities and field trips connecting and engaging them with the community and to identify opportunities beneficial to them, program curriculum materials, any new or necessary training for program coordinators that could further credential or provide important and relevant information to benefit the

success of the program's curriculum and the students it serves, as well as food/snacks, as the program will operate, at times, outside of regular school hours.

3. Based on the program's record of youth served (Q2), do you anticipate this program serving more or less than its projected capacity on 9/30/2021? Please explain:

Due to the pandemic, the program was not able to be implemented. Efforts by program coordinators to develop the program and its materials was on-going, but we could not access the youth due to the pandemic and restrictions of outside entities into the schools. As schools are reopening for on-site learning, this program should begin to be used.

4. Please use the table to record the **average length of service (days)** for youth who exited the program between 10/1/2020 and 3/31/2021. Enter zero (0) if not applicable.

Approved Funding	Program Type

5. How does the average length of service (Q4) compare to what you would expect for that service type? For ATD/ATPDP and ATP service types, compare with the average length of stay for youth who were in detention and residential placements during the same time period.

N/A

6. Will this program's outcomes meet the PY 2020-2021 projected goals by 9/30/2021?

Yes (If Yes, skip to section D.) Partially No

7. (a) What outcomes are on track to meet the goals set for PY 2020-2021? (b) How will they be met?

Outcomes will not be met due to the pandemic which caused schools to be closed and students being taught virtually.

8. (a) What outcomes are not on track to meet the goals set for PY 2020-2021? (b) Please describe any contributing barriers.

Outcomes will not be met due to the pandemic which caused schools to be closed and students being taught virtually.

9. What changes have been made to overcome the barriers identified in Q8, so that the program can achieve its desired goals for PY 2021-2022?

The pandemic has made all circumstances beyond our control. The program remains in communication with the school to continue with the planning of the program's implementation in the 2021-2022 school year.

PART III – Goals for PY 2021-2022

Please set the municipality's goals for its programs to achieve in PY 2021-2022. State-required outcomes have been included with space for you to identify what programs in **Part II-Program Details** will serve youth within each service domain. Goals are focused by service type and should reflect the percentage of youth expected to achieve the outcome described. **Note:** Outcomes are only recorded for youth once they have left the program; this may represent a subset of all the youth served during the period. Goals should reflect high, yet realistic, expectations for the programs.
